

Information for Others – including universities, colleges, apprenticeship training providers, Student Finance, local authorities.

At Aquinas we believe working with other education providers and agencies is important to help our students make an informed choice about their next steps. If you are able to support our careers programme please do not hesitate to contact careers@aquinas.ac.uk

Examples of how you can contribute

During March /April each year we hold our annual After Aquinas event, where we invite universities, colleges, employers offering apprenticeship schemes and training providers into college. Providers are then able to talk to students and parents about the different courses or opportunities that are available. This is a busy event and runs from 3.30 – 7.30pm.

When we hold upper sixth consultation evening, training providers are able to come into college and have a stand where parents and students are able to talk about future opportunities.

During September/October some universities offer a lunchtime drop-in personal statement advice session where students can receive some general advice on their personal statement.
